

PALM CREEK COMPUTER CLUB OBJECTIVES

The goal of the computer club is to:

- provide a forum for members to meet and discuss computer issues
- keep up to date with new technology
- increase participants enjoyment and understanding of today's cyber world
- provide education about computers and software
- broaden horizons of computer use
- introduce new programs and options for computer usage

The club is geared toward all skill levels, from beginners to advanced users. We find topics of interest for all computer enthusiasts. Basic computer skill instructions are provided at the end of regular meetings.

Members are encouraged to participate in our photo sharing project where we create a five minute slide show/movie of our favorite pictures. Prizes or participant awards may be presented.

Dues are \$10 for the season (per site) or \$3 per meeting. Dues help cover the cost of weekly door prizes.

Meetings are Wednesday mornings at 9:30 and run 1 to 2 hours depending on the format. The group will sometimes split depending on skill levels and interests.

- Mike Salter, site 1338 (7338)
- Sue Hepler, site 1707 (7707)

COMPUTER CLUB – MEMBERSHIP FORM (Please Print)

Name: _____

Email Address: _____

Site Number: _____ Date Dues Paid: _____

- Guest Speakers: Best Buy Dish Network Casa Grande Library

After a brief round robin of introductions, we delved into the Palm Creek Golf and RV website and toured through all the new segments that have been added:

- o Event Calendar
- o Activities Calendar
- o Athletics Calendar
- o Sales and Rental Availability
- o "Community" information

We toured through the "calendars" posted on the Palm Creek Club blog site and visited blogs from other PC clubs and groups. Spread the message to your neighbors and friends as there are still many uninformed folks out there who can benefit from visiting these websites.
